“ Pat was always the first one to help anyone in need - she never turned away anyone or any request. She is a wonderful person and dear friend who presence is going to be a big void in so many lives that she touched over the years. For years - I have called her by the nickname Calvary - because during any problem or crisis - you could count on her to back you up and to take charge. She is one of those women that could do anything - never shied away from any task or problem. I love Pat as she has been a support, a source of strength, a confidant, someone to laugh and cry with, a solid shoulder, a mentor, a wonderful Christian example, and one of my dearest friends. I know that Pat continues on the rest of her life in heaven with the Lord and everyone that has passed before her that has been waiting to bring her home with them. Words are inadequate convey the difference she has made in my life and the tremendous impact she made during her life for so many others. For the family - please know I'm always here - praying for you and love you all.

God bless

Jeanine
