“ David, I am a past meals on wheels volunteer and used to deliver meals to your Aunt Alene. I only had the weekend deliveries and this portion was cut from The South Louisville Community Ministries budget, so it has been a year or so since I have seen her. I just wanted to drop you a line to let you know that I thought she was just one of the most sweetest individuals I have ever met. Towards the end of my deliveries, when I would come in on Saturday mornings, sometimes I had to remind her who I was, but after a little bit, she always remembered. She always enjoyed my great nieces and nephews whom I would often bring along. She spoke of you often and always went on and on about how you took such good care of her. I always told her (since I have not been blessed with having children) that I hoped my nieces and nephews would take such good care of me. God bless.
