“ First I would like to say, to the family & friends of Amy, how very sorry I am for your loss. I knew Amy, as “Amy Petit.” We sat next to each other in anatomy class, our senior year. We both were planning to attend college for nursing @ Spaulding University. So we both took our anatomy class very seriously. I could always count on Amy to get me through, or fill me in on anything I missed. She was such a sweet soul & I am very sorry to hear of her passing.. Rest In Peace Amy.. I am praying for the family, friends & loved ones ❤️

“ I will always love this kindred spirit who connected with animals so very well. I will fondly remember our great adventure waterskiing at Green River Lake (did I get the name right?) with the Pettit Family. Bryan, Amy, my sister and I were so silly in the back seat of the car on the way there...a bit more tired on the way back. We laughed and laughed. It was my sister and my first time water skiing and what a blast we had! I remember the warm hospitality of my Aunt Paula and Uncle Bob. I will never forget that visit with them. Later on, reconnecting with Amy first within 'snail mail' Amy and I shared current stories and pictures of garden flowers and birds and things. Then we connected more within phone calls, when she got diagnosed with cancer. I prayed for her healing, but moreover for God's will and acceptance thereof. This child of God, this most beautiful person with one of the greatest hearts and love for animals and people I have ever known....was seriously sick. She always, even when ill, asked about our Barley dog who also had some serious health issues. I will never forget how even within her illness she remembered Barley. And now she is in her heavenly home. God bless her. God be with her husband Johnny and mother Paula Kay especially, but also Brian and Vonda. Please dear Lord fill their void of emptiness with joy again. Until we all meet again in heaven...Love the Harps from California
