“ *I attended grade school with Angela at St. Helen's in the 1970's. I have not seen or spoken with her since we graduated in 1978. However, attending school for so many years (8) with the same group of kids leaves a lifelong connection. I often think about my classmates from all those years ago. It's a special bond that is hard to explain to those who didn't have that experience. Angela and I were in the same classes basically the entire time at St. Helen's. I always enjoyed her personality and we always made each other laugh. I wish Angela and our class could have reconnected and seen each other again. We will miss her. Thank you for your friendship. Rest in Peace Angela. GodSpeed on your next journey*

“ I will always remember what a beautiful person you were inside and out. When you came to the casino boat to see my little sister Monica for the last time before she also passed away from cancer a month later. You made her day and she was so surprised when she saw you again. You were bf's in school along with Karen Gahafer. Say hi to my sis for me when you get to Heaven. Prayer's for the family. Love you until we meet again.
