“ *Jo and Benita, your Mom was a sweet person, I loved her and I knew that she loved me.
I know with getting the Dementia did make a change in her life, but I wasn't around her like you all were, and I know it was hard to see your Mom get in that shape. But neither of you should have any regret at all that you all didn't do everything possible to try to help your Mom to be happy. Just always try to think on the good things that you all shared together. I have an album just with pictures of your Mom and her family, and she was always right there for every occasion, I sure can't say that about myself. She was so faithful to the church as long as she was able to go she was there every Sunday.
I love you all, and I pray God will continue to comfort you. I love you,*
