“ *I first met Bess when I went to work at Amer. Air Filter. Then I ran into her again at St. Mary's Hospital - in fact she sponsored me when I applied to be a volunteer. Now as President of St. Mary's HealthCare Auxiliary and on behalf of the Auxiliary, I send condolences to Bess' family - she was a faithful volunteer and Auxiliary member. We're thankful for her years of service as a volunteer and will always have fond memories of her.*
