“ When i was growing up the whole time i knew my grandmother. I might not have got presents or alot of visiting time with her like most grandchildren, but the most thing i got from her was love. And i cherished every time i had the chance to visit with her. I will always love my grandmother and i will always miss her, but i do know that she is not in any pain anymore. That is what i wished for her, and now it is granted. I love you grandma.

“ *Dear Louise (Willie):
I worked with your mom for many years at the Clifton Kroger, and used to see you there. Bessie was there when I started and she was there when I left, and all the time I was there she was a good friend to me. I can't picture Kroger without her.*

Bessie will always have a very special place in my heart. She will be sadly missed.
