“ Wendy - I worked with your mom in Civil District/Small Claims Court. She was like sunshine. Always positive, giving and cheerful. We did lunch together on the weekends and shopping several times after she retired. We lost touch when she moved out of town. Six years ago Betty called me. I was so happy to hear from her. She was such a neat person. I am sorry for your loss.

“ Please accept my sympathy in the lost of your loved one, Betty...I was a very close friend of Susie's....but I also knew Betty, in fact, the last time I saw her was at Susie's visitation...we use to stay in touch via email and I have been wondering why I haven't heard from her recently...Betty was a sweet and fun gal....will think of her often just as I think of Susie often...

“ Our thoughts and prayers are with the family during this time. We are lifting you up in prayer and asking for peace that only our Lord and Savior can give.

*Betty was always kind and gentle and always believed in everyone. She had a positive attitude and we loved her laugh. She was truly special.*

*As a member of the Vawter family...I was the middle child and very shy. She gave me lots of hugs and kisses. I will always remember her tenderness and thank God that he allowed her to come into my life.*

Love,

“ No one could have been a better friend or better person than Betty. We laughed as hard in our later years as we did in high school. I remember one night when I was staying at the Galt House and Betty and Susie called me as ask what I was doing. It was late. I said "I can't sleep." They got dressed came over and we talked all night about everyone in high school. LOL It was all good. I'm so glad I got to see her on my last trip to Louisville. The look on her face when I walked into the room was priceles. And, how fortunate she was to have Penny with her in her up to the end. I will miss her and especially that crazy laugh. But, as we all know, she's having even a bigger blast now than ever.
