“ It seems you all have always been in my life. Tina we went to kindergarten together, grade school and high school. Your dad drove me to Holy Name Church the morning of my wedding because we had family out of town at the house that morning. Tina you spent the night before and we talked all night long. Connie I was there with you the first time you met Mark...do you remember that? Your mom was one of those women that stayed beautiful her whole life. She was so much fun to visit with and compare our memories. I will cherish her and your dad always. She was one of the nicest neighborhood moms and I still use her jam cake recipe that she gave me over 40 years ago. I will miss her dearly. Heaven will open with light and love for you mother's coming home. Barbara, Tina and Connie I love you all. Let's stay in touch. God bless.

“ I’ll always have the fondest memories of our neighborhood. Your Mom, respectively called, Ms. Scott (we addressed all our neighbors it seems with a Mr. or Ms.) but your parents were always so nice to let us ALL skate down your driveway. 😭 And your end of the street was “smoother”. Gosh neighbors now would yell at you if you did that. Your Mom had the sweetest smile, so pretty. She could pass as Loretta Lynn.

I’m so sorry for your loss. I’m saying prayers to lift you all up in this sad, sad time.

Debbie (Brown) Hancock.
