“ I didn't know Brenda for very long , but what I do know is she was a very kind person who loved her family deeply. If you meet her even for a short time you had a friend.

“ 3 years ago Lisa referred me to her Mother Brenda cause she was unhappy with her current Lawncare service. I took it over for her, to give you idea to help put next part in context. I'm completely covered when I work, so if you don't know me, you have no idea who I am.

I had changed my number and went by Brenda's to make sure she wanted to continue using my service and give her my new number. No mind you, I'm in regular clothes (no face mask or hoodie or sunglasses). I had to remind her I was the guy who took care of her yard. Then she complimented/flirted with me (which caught me off guard and made me blush) She told me she had no idea how good looking I was.

So that has stuck with me and will be a positive memory I have of her going forward.

“ I grew up across the street from Brenda, David, and Lisa. Back then people still sat on their front porch, and I'll always remember her sitting outside on nice summer evenings until well after dark. She treated me and my brother like one of her own kids, and if we ever needed anything all we had to do was ask. My world was a better place because Brenda was in it.

“ Everytime I stayed the night with my mamaw she would always make me cambells chicken noodle soup and butter bread. Then she would make me a big ole' pallet with a big yellow comforter thing, like 5 big blankets and then two pillows from my room. It was super extra when the recliner could have easily been slept on but it was something we always did.
