“ *Brittany was always smiling and sweet to everyone. She is the only 1 I ever let wax my eyebrows she did a perfect job every time. When she would shampoo my hair she would say “ I would know it was your hair Patti even if my eyes were closed.” Everything Brittany did was perfect and she always made you feel so special. I am honored to have known and been friends with Brittany. We all have a special angel watching over us now. Fly high beautiful Brittany*

“ Brittany was my sisters best friend growing up and she watched me and Samantha after school during elementary even from a young age I remember her being the most caring person, always looking out for us. I remember getting my hair done from Brittany and the last time I did was before she went to seek help somewhere else, we were talking about what she went through and how she had to fight for her own life and even when doctors said there was nothing to do she would still search for another cure. I remember breaking down and crying when we had that conversation to see such a beautiful STRONG person to go through what she was did, she hugged me and we cried together and she told me she loved me. Brittany I love you and I prayed for you several times a day and I now pray for your family. You have impacted so many lives even those that did not know you! Fly high beautiful angel!
