“For the longest time i was "Uncle Twissy" and because of Caity, I have been known as "Chrissy" by many the rest of my life and it's a badge i wear with honor. I am so proud of the journey you were embarking on and take comfort knowing where you are now. I'll miss knowing you're here and your smiling face at Christmas time. You were loved, you were a huge part of the family and my world is emptier now that you're not in it. I remember when i first moved to Louisville from Little Rock, you and i and your mom shared an apartment and you would tattle on me all of the time. LOL. I actually loved it. I love you Caity and we will do our absolute best looking after Rosie. Love, Uncle Twissy.
