“ To Chuck and all of Carolyn's family,
As you well know, Carolyn was a sweet and loving lady who will be deeply missed by all who were fortunate to have known her. I am so thankful that I can count myself among the many who have been blessed by just being in her presence. As a former co-worker, she and I shared many a conversation at lunch time. We had a lot to talk about when we were both reading the Left Behind books. God will give you the strength to endure your loss. He never lays more on a person than they can handle.
