I have known Kathy since my daughter & grandson first moved next door to her years ago. She was always making sure they were ok and I will forever be grateful for her. Rest in God's arms Kathy.

“ Momma Cathy where do I start ... You fought so hard and was so strong from our almost weekly casino trips, waffle House, you calling or texting daily even though sometimes it drove me crazy I knew you was only checking in LoL you hated when someone didn't pick up the phone, or our favorite Taco place, if no one wanted to ride with me and you felt up to it you was going 🤪 I miss you more than words can describe and I'm so glad we got to reconnect this past year. I always looked up to you since me and Bryan were kids for the strength and all you went through. I love you momma Cathy always your daughter from another mother 💕 Sara

“ We did not have the pleasure of knowing Cathy, but I will say that I have heard so many delightful stories about her from her nephew Matt and his girlfriend that I feel like I knew her through the stories. I know she will be missed by her family and friends. Not easy to lose someone you love, hang on to all your precious memories and keep her stories alive by sharing them all the time. My heart goes out to Lynne, Matt, and Jeremy. Prayers to the family during this tough time.
