“ *David, Denise, Jeanne, and Maria , I loved your mother, because she was a loyal, trust worthy friend and many times a mother to me. She will be greatly missed and never forgotten. Charity never met a stranger and had a friend on every corner. She would reach out her hand to those in need. Her sense of humor and giving heart was unmeasureable and appreciated by so many, especially me. We had so many fun memorable times. Laughing at each other, laughing about different situations but had our serious moments too. She has been my rock over the past 44 years, I loved her, she'll always be in my heart and on my mind. She's home with your Dad now, I know she's happy. It makes me smile through all the tears and hope you too, find comfort knowing she's with him. Please let me know if you need anything at all. God is with you, my prayers and thoughts are with you too.*

I love you all, Gail
