“ *When you think of great teams over the years, you tend to think of
the Kentucky Wildcats, UCLA Bruins, Boston Celtics, Los Angeles
Lakers, New York Yankees, Dallas Cowboys, etc. Now, Connie and
Denis Albert will forever be on my list. They were an awesome team
in marriage and, in their business. Undeniable successes in both
which greatly defied the odds. I will always remember seeing them
both, happy and at work less than two weeks ago. As I left, I
received her hug knowing it would probably be the last. I am
blessed and grateful to have had the chance and memory.*
