“ I have been looking for Danny for several years and could not find him. He and I promised each other several years ago at a VHS Class of 67 reunion that we would keep in contact and update each other when we moved etc. I have been trying to let him know about my husband dying which happened 8 years ago. Danny & I had known each other since we were 5 years old in the first grade!! I had not known anyone outside of my family as long as I had known Danny. I am so sorry for his family and so saddened that I could not find him before this happened. I would have loved to have talked with him and let him know how much his friendship, even from a distance, meant to me.

“ I'll remember Danny as a wonderful guy from High School and some time afterwards. For some reason he has been on my mind for the last few years and had hoped to see him at our upcoming reunion. I will remember him for his laughter, humor and good nature; a very special guy. I'm sure he will be missed by all who knew him. My prayers go out to his family and those friends who were close to him. Danny rest in peace and I'll see you one day and we can catch up then.
