“ Boo(John),  
Your experience with loss recently is overwhelming for a young man. I'm truly sorry for the pain you're feeling and if I could I would make it go away, but it's not the same pain I used to kiss away and put a bandaid on.  
Just know that your Dad and I love you very much and are here for you if you need us. Hold on tightly to Christie and Emma and cherish the life you're making with them. Love you bunches!

Your Other Mother,  
Penny

“ Peggy,  
No words can express the sorrow and pain I'm feeling for you at this time. You have suffered an unbelievable amount of losses recently. I can only imagine how difficult it is for you to make it through each day at this time. But I know you well enough to know you're a very strong and vigalent woman and in time you will come past these trying times beautifully. You have some wonderful children and grandchildren that will embrace, love and comfort you through these dark days so that you can look forward to the brighter days ahead. Keep your courage up, you can do it, I have faith in you.

Sincerely,  
"The Other Mother"  
Penny

“ Peggy, I am so sorry to hear about your husband and father. Mary sent me an email to tell me what had happened. I just lost my mother and I know how you must be feeling. Please try to take comfort in the fact that they both are in the arms of Jesus. Unfortunately, I will be out of town during the service, but if there is anything I can do please give me a call or send me an email. My number is 502-722-8641 and my email is [lfeltner@insightbb.com](mailto:lfeltner@insightbb.com)

“ Peggy,  
The unbelievable losses you have experienced in the last few weeks cannot be expressed in words. I so enjoyed meeting your husband and talking dialysis. He was so well educated and articulate about his condition. It has been my passion for over thirty years. I wish you could have heard Mo play guitar and sing after Jack's funeral down at the lake. We loved your Dad and his loss enough would be devastating. The fact that your brother, father and husband have gone so close together is unfathomable. Talking with John at the VA Hospital was like a walk back in time for me. The early "outlaw" days! Hold your mother, children, family and friends close. They will see you thru the tough days ahead.

Love,  
Joni & Maurice
