“ My brother and most of all my friend, he will truly be missed. Anytime I called him and said Road trip, he would say ok before even knowing where we were going. When the grandkids were younger David always went with me so he could help with them. Even going to Ky Kingdom, the zoo, walk the park even to take me to get my epidural shots. It didn't matter to him as long as we were together. I love and will deeply miss you every day. I hope now you are out of pain with your back, I know you suffered with it daily chronic pain is no joke, it's real especially when you have so much metal and screws in your back. Im so sorry and i love you and I forgive you! RIP
