“ *Deloris or Gorsej as we called her because when my sister named her she pronounced it just that way, Gorsej, was my Aunt. She was so kind to us when we were growing up . She came to so many of our events and milestones. I think she came to every high school concert I performed in. She loved music and sang in her church choir. She loved her church community and worked in their office after she retired answering the phones. She was always so beautiful. She wore gorgeous clothes and had a beautiful smile. I always thought my uncle was so lucky to have such a sweet thoughtful smart and talented wife. I am sure the angels in heaven sang to her especially beautiful when she arrived. My family loved her very much. My sister took care of her in her after my uncle passed away... got her groceries visited her weekly checked on her daily and helped in every way. For that I am ever grateful. Prayers for her and my family as she is welcomed home by hers.*
