“ Donna was my manager when I was working FCC in RI. She was always fair and very giving. When I asked her if I could go further in that office she suggested I get my certification for coding. She helped through the whole process. When I was going thru hard times she stayed by my side and helped me thru it all. Without her support I would not be certified today! I will miss her very much! RIP Donna and give my family members in heaven a hug for me!💕💕

“ From the moment that I met Ms. Donna, I was made to feel at ease. She was very kind and gentle in her way. Going to her with an issue was very easy, either with work or as a friend. As my manager, she was very interested in my understanding and success. As my friend, she was very supportive and giving of her wisdom as a mother. Her way of being was inviting and compassionate. I feel this way as an employee and as a friend. I have had many conversations with her regarding personal matters. Ms. Donna was like a favorite aunt. She was very giving with her time and her heart. I have seen her console someone in need of support. I was brought to tears from her generosity. I will always remember how selfless she was, how kind, and how generous. I send my prayers and strength to the family. Donna's presence was very necessary in my life.
