“ Millions of memories... Elementary school until now... Car Shows... Her first convertible ride in a PT Cruiser... Then a ride in a black mustang convertible.. Her laughing... Smiling and her hair blowing away in the wind... Calling her on the phone.. Telling her to get ready for another adventure that would be picking her up in abt an hour for another dinner outing or concert example: Grayson Capps 2014.. Journey early 1980s... Ky Headhunters 2018 New Years Eve kickoff 2019 bash... going to hear Willie Nelson outside live 2022 a couple days after losing her only son... Was going to take her down to gulf of Mexico 2016 but she got stuck and couldnt go after all ... Day of Donnas services went to see Marty Stuart at 530pm got autographs and guitar picks from stage ... and Donna my angel friend with me. Im glad that after the past 7 or so years of stress that she can finally have some peace and flap her own wings. I missed you before you were even gone... But i am happy you dont hurt anymore. Sooo very glad that you got out of that house Prayers for her family. Always my friend... And to any others.... She did the best she could with what she had with very little help from anyone. Think about your own imperfections before you cast that stone. God knows. Love you and miss you ... Kim Webster and Bruce
