“ As long as I remember Uncle Donnie. He was always there some where. He wasn't always so he could be touched but he was there. His youth past quick as he grew. Music and my father Clayton and Donnie are my heart and soul. And now there gone and left me alone. But when I look back I see they didn't have it like me. Life was hard and not a dream. They made me see ahead farther than you would ever imagine. So I continue ahead. So now I never know where I am going. I just keep the plan that was Givin me. Keep your family close and the dreams at hand cause Clayton and Donnie had a plan. As I come to your homes in the form of a poem. Remember me as I move along I have the dream to pass along Probably the worst nephew & Son ever. But I love my family just the same. I will see you all in my my dreams. To my mentors Leroy, Nettie, Clayton, Danny and Donnie & Renee I will see you again

“ There are so many memories that will live on in my heart. You were my best friend and I was lucky to call you Dad. One of my best memories was riding the Screamin' Demon at Kings Island. I was never scared on the platform because I knew you were there. I was likely a little small for the ride, but you held onto me the whole time. There are so many other memories, but I am most thankful for the last 20 years of daily phone calls and the love and support you gave to our family. You will be missed dearly.

“ So many memories. One I still laugh about to this day was when I was little. In the country of course. He made cheeseburgers for the kids. Best one ever. I said Uncle Donnie what did you put in these to make them taste so good? His response-fish eggs (with a poop eating grin and a twinkle in his eye). Miss you...love you...wherever you go...there you are. Love ya-your Lee
