“Wow ! I was 6 when I met Doug and lived next to his family until we both moved out on our own. We played until late in the night, hide n seek, catchers, army too Vicki and I were nurses. We waded in the creek, caught fireflies and walked the tracks. In the winter we walked on frozen water and had snowball fights - mostly we had fun!

He loved dogs and so did we - I can see his Boston terrier Puddles I think was its name.

Doug was a great friend and I have so many great memories of him! When I graduated from College his gift to me was the Indi500 a great memory of a fun day! When my college roommates decided we should travel out west - but our parents were afraid for us to head out just 3 girls - so I asked Doug and my cousin Tommy to go with us - we had a blast and could never imagine the fun we experienced from Colorado to LasVegas we camped and created our own adventure! 13 states in 21 days - Doug was calm and steady with 3 crazy girls - it was one of the best experiences of my life.

When I think of Doug I think of childhood gone by and a forever friend ! The quiet days of summer and the kindness of the Kull boys! Interesting as well Doug and I both were in very bad car accidents the same summer I was always so grateful he was protected by the Lord on that day - we would have lost a very kind good man of God. But today I am so relieved he is no longer in pain and his family will be able to rest in the blessing they will see him again.

I am probably only sad that life creates distance and we lose contact with each other but to his family - I was so lucky to call Doug my friend!
