“ Jo, was a sister you could always count on. From the time I was little, had Missy and through the years she always helped me out all I had to do was call. All of us sisters and brothers had some good times together. Especially down Buddy's on 4th of July. The sisters always had fun on our sister's trips. I sure do miss all of them, were did time go!
Love you Jo. Your little sister, Ebbie
