“ *Eli will be forever missed. He was a good friend and had a heart of gold despite some incredibly annoying habits like driving that motorcycle of his into the living room after waking us at 2 am. Eli and spouse met at work when they were both on light duty due to injuries. They did NOT get along but somehow became lifelong friends. No matter how long it had been, he would swing by and say hello, play a game of chess, take the canoe out or just raid the kitchen. He was never dull and always authentic. We were so saddened to hear of his health issue but didn't know he had passed away until I came across this notice...we thought he had just stopped responding to calls. Our thoughts remain with the family.*

“Pete and I met in 1977 at J-Town High School. I was in the 7th grade and Pete was in the 9th grade. He was so funny and made me laugh all the time. There is nothing like a friend who makes you laugh. As time progressed, we became lifelong best friends. I felt like Pete was one of the only men in my life who truly understood me. We talked about everything. He came to visit me many times through the years. We shared a lot of crazy, fun adventures together and made so many wonderful memories. When Pete would send me letters and cards, he would address them to “Jenny” and the return address said “Forrest Gump”. He always told me that I was his “Jenny”. We truly were the best of friends. Gone way too soon, Pete is now an Angel. I pray that he is watching over each of us. I will love Pete always and he will be forever deeply missed.

“ So glad I got to spend some time few months ago with Pete. Did some laughing and crying and talks about life. I picture him riding his motorcycle over the rainbow. My thoughts are with his family and I wish I could be there. Give the dogs a pat for me.
