*I knew Eugene many years ago, when we were 18-19. We dated for a while, but he had a daughter with another girl. 7 years later, I returned from serving in the military and found him again. We shared a few visits, I met his beautiful daughter, and did her nails. Eugene loved her so much. It was hard for me because I lost a child that was his a couple of years before. I know he was a kind and loving person. I moved away shortly after seeing him and his daughter. It was too hard for me to stay. He was such a funny person, and loved life. I envy those that were able to share their lives with him. Rest in Peace, Eugene. I think of you often. You always made me laugh. Linda '73*
