“ After so many years of us Buckmans living across the street from the Williamsons, we miss Jim and we will definitely miss Frankie as well! I think I can speak for our family when I say we had great childhood memories with you Ricky and your parents. I had recently saw Frankie in her driveway and it was so nice seeing her and talking with her. She beamed talking about her grandson and you could see the joy she felt about her family! Dad doesn't “do computers” but I know that he felt blessed to have such wonderful neighbors and that he will miss seeing Frankie. You all are in our thoughts and prayers during this extremely difficult time.

“ Frankie was my dear cousin. We spent lots of time in childhood with her and all of our other cousins. When we grew up, we all lost touch.. The last few years , we have been having lunch together once a month and have relived our memories. I am so thankful for these last few years together. I love her very much and will miss her. It will not be the same without her. Michael, she wanted to be around with you for a few more years to see you grow up. She will still see you grow. I know she will always be with you throughout your life. She loved you and your dad and mom very much. We had fun these last few years and I will cherish our time together! Nancy Huffman Williams
