“ My dear Uncle Frank, I thought you would be around forever. You have virtually always been in my life, no matter where we moved you came to see us. I can remember your coming out West to visit in one of your cool little convertible cars. You gave my siblings and me rides in those cars and played silly games with us. I know we drove you crazy but you continued to visit us. We paid you back after you married and had kids and visited you all year after year! I will miss you so much. Love you! Margaret Coursey
