“ Fred you've been my brother for 41 years. We've done a lot of things together. You spoiled me to no end and I'm great full for that. Remember when we went to Fort lauderdale. You got so burned on the first day. We had to listen to you whine the rest of the week. I could go on and on about the times we've shared and they always end up with us making fun of you. I'm going to miss you Fred but I know you are in good hands now. I know you are no longer suffering and that is comforting to me. I LOVE YOU TO THE MOON AND BACK.
