“ *I was fortunate enough to be Mrs. Wells neighbor but that doesn't seem enough description to show our relationship. I'm sick with an auto immune disease and she would call me to check up on me often. Then, our conversations would last longer and more in depth. I would call and check on her as much as she would check on me. So much so that we would say, "I love you" at the end of our talks. This world was a much better place with her in it. I'm so sorry for the families loss and thankful to have known her.*
