“ Well family ,friends and any acquaintances of mr Donnie Barnett know how much he will be missed. But more than just missed a huge whole is in all of our lives now. Donnie was bigger than life and better at being a good person than most of us. But he left us with some of the best memories and just like that song says it's not what you take it's what you leave behind when you go and boy did he leave us a lot of good times. But now GOD gets to enjoy Donnie up close and personal. I'm sure those greens up there are a lot better than the ones down here. And I bet those holes in one might happen a lot more often. So we'll all just hang out down here in heat and snow and the pains of life while you sit up there in paradise enjoying the best place in the universe. That's ok you deserve it. I love you Mr Barnett
