“ He will always be my Best Friend! Though devastated, shocked, already missing him trying to get me to shut up, I've been shedding many tears this week because we had a whole lot of fun together and that's been put on hold for a while. I may shed a few more because i know he wanted to get more done , heck who doesn't though? We all feel like we could've or should've one thing about Jason he did and if you weren't ready we'll he'll be there for you when you got there. These last days he was doing the best he could to do right and proud of him and i will always love him and his family. I'm going to have a big smile less tears and celebrate his full steam ahead go get it way of life. Jason as we all know did a better job than all of us together to have a good time. It was just a matter of time before God and Angels in Heaven were on agenda to get together to hang for awhile. I'll see ya when I get there buddy, Love you man, and o.k., o.k. I'll shut up now!
