“ *My Big Brother was more than my brother. He was my protector, my parent, my friend. Me , Dad and Jeff took care of each other for many years when we lived in Meade County but Dad worked alot so Jeff took care of me. But truth be told my big brother had been protector since I can remember, even before I could walk . When Jeff was taken from me , I feel like a very large hole has been punched in my heart . It's taken me over a year to write this . My Big Brother was bigger than life and now he can watch over me from above. I Miss You and Love You Every Single Day. For those of you who knew him , you were the fortunate few and for those who didn't know him you really missed one hell of an amazing man.*

This man was a ball of happiness!!! I met him when he and my boyfriend Travis played pool. This is definitely a hard thing to deal with. Any time we saw him cutting grass at the church we would stop and talk to him. And we would be graded with a great big hey guys and A great big hug to follow... He will be truly missed by so many
