“ Dear Murphy Family,
I am crushed by the news of Jeff's leaving of us in this world. He was a kind and gentle soul and I am proud to say that I had a small part in creating the man that he became as his English teacher. I was also blessed to continue in his life and was proud to call him friend. May you find peace in this time of pain and sorrow. I do not understand why some of us must fight demons that do not allow us to see how important we are to those in our lives. Perhaps he can look down now and see how much he is loved. I for one shall miss him horribly. Bless you during this time for always. With love,
DeAnna Deneen
