“ Jerry was my father's 1st roommate when he started living at Britthaven, now Essex. I always enjoyed talking to him and hearing the love he had for his family. You will be missed, you already are missed. Several of the other residents have been talking about you and how much they miss you this week. I hope you get to have all the coffee you could want in heaven. I'm glad you are reunited with your wife and child. Enjoy Heaven my friend.
