“ *We ran to California a few times together, and twice as a team. On our way back home Jimmie was driving, I was asleep. He holles something is wrong. I looked out and saw we had listed the turbocharger.  
He pulls over, we find the only repair shop is 20 miles back in Phoenix. So I take the wheel and start working our way back, at the breakneck speed of 30 mph.  
We had a couple of good hills to climb. Jimmie looks out the window and said, "Hey, there's a jackrabbit." After the second hill, he looks out and says, "You ain't gonna believe this, but that jackrabbit is beating us up this hill."  
Rest well, my brother.*

Didn't get to see him much but he was always in our heart and our minds. Loved this young man. Though much of his life was spent away from us. He will be greatly missed. We loved him.*
