“ We were so sorry to hear of Jody's death and we all wanted to express our most sincere sympathies to you and the family during this difficult time from Everyone here at ESA. Your husband was a highly valuable and respected member of the IED team. We are sure the effects of his passing are already being felt by his fellow employees and management.

Jody was a wonderful person who understood the meaning of the word "team." He was always more focused on the good of the company and the department than on his own benefit. He made many great contributions to the company and helped it move forward in numerous ways. His work will not soon be forgotten.

Please accept our sincere condolences for you and the family. Jody was a remarkable man and everyone at ESA is better for having known him. For those of us that had the privilege of calling him "friend" outside of work, we were humbled by his kindness and compassion to everyone around him.

He will be greatly missed and everyone here is saddened by his death. Know that our thoughts and prayers are with you, his family and friends, during this difficult time.

With sincere sympathy,

The Staff at ESA Communications Ltd.
