“ Chris and your Family,

*I wanted to express my sympathy to you and also your parents in regards to your brother and their son. My heart just aches for people like you and especially your parents who have to bury a child. I know you all are going through all the what if's and trying to figure out why. Our book of our life is sometimes changed and not always as we had planned, but know there are people like me who will pray for you and your family's healing. Know your brother is now at peace and we shall at one time all be together again.*
