“ I met Judi in the 2da Training Department at UPS right before UPS purchased Menlo Worldwide Forwarding. Judi and I, along with another Supervisor were chosen to be the Trainers for the 2da sort, at the Freight Facility, that UPS moved to Louisville, Ky. She always seemed to be excited, even joyful, as she grew into her new role. She always conveyed a positive, professional presence as a Classroom Facilitator, and she most enjoyed teaching the Hazardous Materials class the most. She harnessed her confidence and her flamboyant personality, to help her motivate her trainees to be safe and competent using their Forklifts. I will always remember that joy, and her flamboyant approach to Training. I have copied some of that style and flamboyance during my career.
