“ Hello my lady!! Its been a long day! It's raining blah!! We hate rain. lol. Well today has been ok I think. I've been thinkin about you all day and feeling excited but anxious cause I just have to get thru one more day till I can see you again but so scared and sad because then I will have to say good bye and I have no idea how I'm gonna be able to do that. Also I'm worried about dad.

If you can please give him the strength he needs to get thru Monday. Show him how strong he is and everything youve taught him! He can do this. He loves you more than life itself and he would give anything in this world for you!! You are his most prize possession, his greatest accomplishment and he loves you endlessly!! You have gave him such joy and showed him what true genuine love is! Whisper in his ear how much you love him and how strong he is and that you will always be with him!! I promise to always be here trying to protect him and here loving you and missing you every second of everyday! You have made me so happy and taught me so much!! I love you with all my heart and soul until the end of time. Goodnight girlfriend!
