“ *The Indiana Department of Environmental Management's Wetland Program sends you our deepest symapthy for the loss of Larry. Larry was a hard working passionate man who was dedicated to protecting the environment. I have personally worked on many projects with Larry over the years and he was always a pleasure to work with and knew everything about the particular area we would be working in. If there was a project in the area 25 years ago he could tell you exactly what it was and when it was. I had to laugh one time when a violator told me Larry jumped on a moving bulldozer and pulled the driver out of the cab. I know it was'nt true but that is the passion that Larry had for the environment. He was a great man and he will be sorely missed. Our thoughts and prayers go out to you. IDEM Wetlands Program*

“ I wish to express my condolences to Larry's family. I've been retired a long time now, but I spent many days with Larry on the Ohio River when he was the boat operator for studies we were undertaking. I learned to depend on him to take care of our needs in a most competent manner. I'm sorry for your loss.

“ To the family of Larry,
I had the opportunity to work with Larry a few times and always appreciated his professionalism and pleasant attitude. He was well respected in his profession and as a person. I'm sorry for your loss; my thoughts and prayers are with you.

“ Marlene and Family,
Larry will be greatly missed both as a friend and a colleague. Although I haven't been fortunate enough to have worked with Larry for many years, I cherish the friendship we had. No matter what was going on with Larry, he always asked me how my dad was doing (they both had similar lung surgeries). He talked of his family, of you Marlene and of his grandchildren and he spoke with pride and love in his voice. Please accept my deepest and most heartfelt sympathy and know that I will keep Larry and you in my thoughts and prayers.
