“ Where would I begin... we had so much fun working together.. made those Long Ford days fly bu... then u were the trend setter... you got pregnant w/Shelby... and almost the entire IP line followed you... it was me, Sandra, Michelle, Jeff’s wife and Tony’s wife with twins!!! You took such good care of me at work... making sure I had ice water and checking on my legs and feet. Stacking dunnages up so u could make sure my feet were proped up on break.. we were going to get together again this July shut down... we had plans to try and take you grand baby to the zoo like we did when our girls were tiny... we were goin to make a bunco group.. this isn’t how it’s suppose to be...I’m gonna miss our 4 hour phone calls.. just pick up like we talked every day instead of every few months.. thank you for being my friend.. love always, Goldilocks (Cheryl)

“ Those of you that knew me back in the day, would have to remember my cousin and one of my best friends Linda Wolfe. It saddens me so deeply to say she passed away Friday night. We had oh so many great memories. We were the same age so we have been friends all of our lives she will be greatly missed and I will never forget her bright smile and contagious laugh. I love you Linda and I miss you so already 😞

You have always been a dear friend and I hate the last part of your time was spent grieving and worried. Well do neither no more dear friend. I shall miss our talks on how crazy wonderful life has been and how we found each other again. Your voice and glorious laugh still ring in my head. Look out for us from up there if you don't mind because we're missing you something awful. You were loved more than you ever realized Linda and my heart goes out to your family. Love you, picturing you with the most stunning horses with the sound of sweet Bluegrass in the background.💔🐾🥺 We'll meet one day in Kim's Garden in heaven.
