“ Lucille, you will be always greatly missed. You were my FAVORITE resident at Valley Farms. I remember the many, many conversations we had while caring for you in your apartment. You are one of the MOST thoughtful and giving human being I've ever known. ALWAYS busy at your sewing machine making masks for others. HUNDREDS of them. ALWAYS making precious little clothes for your great grandbaby. You were always so thoughtful as well to staff, making birthday cards & always kept your candy dishes full. I truly loved being your nurse & caring for you. I had to leave the facility last October to care for my husband at home. He passed away on Derby Day. I didn't find out you were with the LORD till just last week. I was SO sad, but I knew you went with JESUS. You have an amazing & caring family. It was quite evident you raised them well with much love & compassion. It was an honor to know & care for you through the last few years. GOD bless your soul forever.

“ As a rookie Principal, Lucille was key to making my transition from teacher to Principal successful. She was one of the pillars of the Cane Run Elementary Community. My condolences to Lucille's family and friends. She was loyal, compassionate, and wise. I was blessed to have someone with her experience to be part of our team. My daughter reminded me today that Lucille let her pick from the treasure chest. That is just the kind of person she was- always making kids feel welcome and special. It was also great to have a U. of L. fan in our office besides me. Mike Miller
