“ Mark was a cousin of mine, although I did not get to know him well, I knew his mother, uncles, and his sweet grandparents. My prayers go out to his immediate family that during this time they will feel the presence of heartfelt sympathy from my family. May God be with you during this sad time. I do know he was very loved by the relatives I knew because they always had nice things to say about him. His grandparents loved him dearly and I felt I knew him through their stories they used to tell about him and the rest of their grandchildren.
