“ *What an amazing talent and soul Mark was. We worked together in Elizabethtown at The Wolf and in internet radio for several years. Like so many have voiced already, Mark was always ready to offer assistance in voice-over work and production at various local and regional radio stations, many times without or even before being asked. He was that gifted and giving. You will be missed for this and many other reasons. Like you said on your Facebook page, the Lord had the final say in your battle with cancer and you really HAVE beaten it finally, and are definitely a winner and in a better place. Praying for your family and loved ones, we thank you so much for your selfless life!*

“ Mark and I worked together via iHeartMedia. We shared commercial reads back and forth via email for years. He was always willing to lend a helping hand when I was in a pinch for a voice. My prayers are with his family and friends!

“ Mark my good friend it has been an honor to have known you and to have been your friend over all the years. We certainly had some good times and created some memories that I will always remember fondly. You never failed to make me laugh no matter what you were dealing with in your life. I will miss you, my friend. I know you are in a better place and the Good Lord is with you.

“ Well Mark as u look down on us drinking that real cold beer and talking about all ur friends and family down here sharing their memories about you . I will be next when u first met me you told me that u really like me . And I just laughed cause I was like why and u said you look like a woman that would put someone in their place and Jimmy had the right woman for him. Then I looked at you and said that I say what’s on my mind and u laughed and from then on you always told Jimmy I wore the pants in the family . We always argued over when it was time for football or basketball you would tell me the the pigskin was in the closet and I would tell you not yet . Mark I will miss our talks but I know Jimmy will miss y’all’s weekend drinks when I would be at home and he would come up there and have a beer and eat and u would tell him I see the boss let u come out and play . And thank you for being that uncle to our daughter cause she loved you to death also .
Fly high our friend you will be miss dearly every day.
Love ya your friend Chrissy

“ While sitting at the bar one day we were laughing about past characters on 100.5 TheFox. Not knowing.... I asked him if he remembers a redneck dude called "Catfish" whose shtick it was to be an old country guy who hates hard rock working at a hard rock station. Mark looks right at me and says "That was me!". "NO WAY!" I said. And he immediately went into character right there at the bar. Funny as hell! Amazing fella and an amazing loss. Such a good dude.

“ I'll be the first. I could write for days but I won't. it's hard to pick between all the beach trips or Gatlinburg or random years of softball or many, many many, nights and weekends cooking out and drinking beer. But one I think Mark got a kick out of our trips to the beach in the ole' days. Raymond isn't much of a beach person after the first day or so. Mark and I were on the beach from sun up or passed sun down. So most of the time it was us all day out there by ourselves. One year a couple thought we were husband and wife all week!! ! Mark still talked about that all the time. LOL I could do worse I suppose. Another favorite time of his was at St. Tim's when the games were over on a Sunday and they gave us the keys and we all got on the field and played ball barefoot and all until it so dark we couldn't see. We never had so much fun and something we will never forget. There was a bunch of us wish I could remember everybody that was there. Mark could have named you all!!!! Just like all our Gatlinburg trips, he could name the year, exact date, where we stayed and everyone that was in attendance on that particular trip. OH and he did rate them in terms of good times!! :) His memory was unbelievable. I don't know how he done it. And not to mention all the beautiful girlfriends I have now that were his exes, :). All the other amazing friends he introduced us to thru the years. The list is very long and they are all amazing. Love you all!! I really hope we can carry on his tradition and stay in touch in the mountains or local! or even do some more ghost hunting! Everyone meets for a reason. Our lives will never be the same without you Mark Stahr. Love you forever, Varicia

Mark really was what people refer to as a Good guy. He had a good heart, attitude about almost everything. He was a fighter. He encouraged me during my fight with the Ugly "C". He was a lover of people and respected everyone. He was my friend at work and even when I didn't work at Clear Channel anymore. He is missed by me and my husband Neal Bradliegh who also worked with him. Sending our prayers and condolences to Brent and the entire Stahr family.

Mark was a great guy!

We had a lot of good times in high school, he was always there when you needed a friend.

We took German together at Valley, the sentences he could come up with in German.

I would always call to check on him. Mark would say Brad I am fine if anything changes I will let you know. Well he didn't. I am sorry I wasn't able to help more then just my prayers for him. I know he loved his son so much he would always talk about him.

*Prayers to Mark's family
