“ Ann,

I would just like to say how sorry I am to hear you have lost your brother. I know that losing someone, someone very near and dear to your heart can be a troubling and upsetting. Just always remember just because he's not physically here with you that doesn't mean he's not watching down on you. He's in a much better place and no one can ask for anything more than to be at peace in heaven. He's your guardian angel now, don't forget it. If you ever need anything, anything at all, just ask. I love you.
