“ I still can't believe I will never see your face again or hear your laughter again. I will feel your spirit whenever I hear Rocky Top playing, or look at a mountain in the distance or see anything Scottish. I am still trying to wrap my head around this because it makes no sense that YOU would have a heart problem. I have to celebrate that you packed a lot into your much too short life. I love you brother. And thanks for all you taught me in life.
