“ I am so sad to hear of Mike's passing. Mike was a big part of my childhood, as our parents were great friends, and we attended church together. I remember sitting with him at church when we were kids, and as kids do, we got restless and bored. Mike would find paper and pencil, and start drawing. I was amazed at his artistic talent, and we would "wait it out" until church was over, him drawing and me, watching in awe. He grew into such a fine man, whose greatest love and accomplishment was his family. I pray that his family will find comfort and peace in knowing that Mike is already where we all strive to be, in Heaven with our Lord.

“ I am so sorry to hear of Mike's passing. We went to elementary and High school together. There are some classmates you never ever forget, and Mike was one of them. May God Bless and keep Mike and his family, always.

“ I'm tremendously saddened to learn of Mike's passing. I began working with Mike 15 years ago when I joined GE. As a member of my sales team, Mike was always a great representative of GE, sparing nothing in the service of our customers. In reflection, when I went thru emails Mike sent over a decade ago, a smile came to me as he had a great sense of humor. The emails also reminded me of his steadfast patriotism and love of country. Even after Mike left our team to work with the GE Water Treatment business, he would touch base with me from time to time, sharing a light-hearted story or catching up on nothing of importance. My deepest condolences to his wife & life-long partner, Carol; children, Shannon and Adam: grandchildren and his mother Lottie. He will be missed.

Sincerely, Stuart Domeshek

“ Susie, I am so very sorry for your loss. May God comfort you and the rest of your family during this time of sorrow. Although I can't be there in person just know I am there with you in my heart.. I love you all. Some of my favorite childhood memories are the times I spent with you, Carlene and Mitchie and Lowell.

“ Mike will truly be missed and I will remember him most for his great sense of humor. He always strived to be fun loving and to enjoy the moment, always telling jokes and kidding around. I have many good memories of him and things we all did together while he was the manager of our shop. Like playing basketball every year, for hours, the day before Christmas break, on the old garage door rim, in the back of the old shop off Bishop. He probably let us get away with way too much at times but he also made sure we did great work and let us use many of our innovations and talents to grow the business. It definitely helped to make our shop the successful business it is today. A nice legacy to be remembered for. I will also remember how much Mike loved his Ky Wildcats. A true fan that's for sure. Most of all, Mike was a great family man which is certainly his most important achievement. Our hearts and prayers truly go out to you and your family during this difficult time of loss. God Bless you all....Kind Regards...Eric Rouse and Family
