“Mike was the most kind compassionate person I ever knew. Being cousins we shared a lot of good memories together. The two of us always stayed in touch. Aunt Louise and my Mom were sisters (Frances) There have been times we would stay on the phone for hours talking about both of our lives and the directions we had taken. Mike wanted everyone to love him for he loved everyone. Mike shared with me in the winter about a lady he had met and her name is Lisa. He was so excited he had found the love he had looked for quite sometime. He always talked about his children and grandchildren and how much he loved them. He would tell me in detail about the grandchildren and how special they were. His love for people was outstanding. We would even talk about those Wildcats!! He would discuss how good they were or how they should have done this or that, but he knew who his favorite team was win or loose. He had a passion for children and always talked about coaching Little League. He was the one who ALWAYS got our cousin reunions together. He was planning another one this year. He and I talked on Mother's Day and I had already planned to come see his house this summer. He was so proud of it and I am amazed how much thought he puts into decorating a house. Even when he lived in the apartment and I visited it was spotless. I am so glad he and I got together last fall again. He would talk about coming to the country and he did just that. He showed up at my house he had come to the country! I will never forget how special he made everyone feel who was around him. He loved his family unconditionally. I will miss him much, and I know all of you will. He left to early he and I still had lots to laugh and talk about. I am sure you all do too. The memories will help you in the days ahead. I pray for God to give you all comfort and peace.

“ Mike I don't know how we left here to morn your loss will carry on . No more text to ask how we are doing or the many hours on the phone talking to you wither listening to us venting or vice versa . The pride you had when you bought your house and how you made it your own. Always taking pride in all you did cause you loved giving back to others and coaching the kids on your team . Your passing has hit everyone who knew you very hard , we are all speechless . To your kids I want all of you to know your Dad loved each of you more than his self he talked about all of you alot and how proud he was of all of you . So I think it's time to say farewell my dearest friend until we meet again at Heavens Pearly Gates

“ Mike was a sweetheart. I met him in Louisville to pick up my Western Tee Shirt. We chatted a bit then he had to go. I picked the blue candle for you Mike because of your Kentucky Wildcats. We will meet again in heaven!

“ My friend Mike Scott reminds me of the song, “Where have they gone, oh the good, don't they die young.” Good people leave on time, but don't we miss them. Mike was all heart, a good conversation could be had anytime, day or night. He felt deeply and was an advocate for anyone walking through a dark valley. His friends will miss him and his spirited debates but Lisa and his family will miss him and his bigger than life presence the most. I am certain he has wasted no time finding his spot in heaven and possibly putting a game together with the apostles! Rest in peace isn't possible for Mike but I have great hope the peace has washed all over him. My sincerest condolences to Lisa and the family. Love and prayers to all of you.

“ To a lifetime friend that I should have worked harder to be a better one recently...as you are now gone. You lived life to the fullest, always 'going 100 mph' and having fun doing it. I knew you as being deeply passionate, dedicated, loyal, strong, fun loving, and caring. I will miss that ever-mischievous smile. I'm so fortunate we had a chance to have a long talk for the last time...

I grew up in the same neighborhood with Mike. Many memories of playing softball and kick the can on Arvis Dr! It was so good to see him again at our 40 yr reunion! We became friends on Facebook and he was always commenting such sweet things. Loved seeing him at all the other WHS functions. He was very compassionate about his fellow warriors. Was so happy to see he had found a house and even more happy when he found Lisa. The world is sure gonna miss you Mike. There's very few men like you in the world these days. Enjoy heaven and being with your mom and brother. See you again one day❤️
